March 13, 2019

Dear Parents, Guardians and Members of the School Community,

I hope this letter finds you well. I am writing to provide you information about the 2017-18 New Jersey School Performance Reports, which were recently released and are available on the NJ School Performance Reports webpage at www.njschooldata.org.

Use, Share and Improve the New Jersey School Performance Summary Reports

The School Performance Reports reflect the New Jersey Department of Education's (NJDOE) extensive efforts to engage with parents, students and school communities, and share the information that is most valuable in providing a picture of overall school performance. We encourage you to use these reports to:

- **Learn more** about your school and district;
- **Start conversations** with school community members and ask questions; and
- **Engage** with school communities to identify what schools are doing well and where they can improve.

Enhancements to the 2017-18 School Performance Reports

The 2017-18 reports include changes that respond to stakeholder feedback collected through a feedback survey, at parent round tables and workshops, and from stakeholder engagement throughout the year. These changes include:

- **More informative, easier to understand** one-page Summary Reports;
- **Additional navigation tools and an improved search page** within the reports;
- **Emphasis on student growth** with the growth section of the reports newly featured before the academic achievement section in the reports; and

More information about Career and Technical Education (CTE) programs, dual enrollment, graduation pathways, progress toward English Language proficiency, staff demographics, and discipline.

One-Page Summary Reports

Along with the full [reports](#), one-page Summary Reports for each school and district are also available. The Summary Reports provide a high-level summary of how well a school or district is performing with data that address questions such as:

- How does our students' growth compare to students' growth in other districts?
- Are students at risk?
- Are students graduating?
- How did students perform on assessments?
- Are students college and career ready?
- Do they have access to high level course work and art courses?

A [Summary Report Guide](#) is also available on the School Performance Reports webpage to explain the different data points on the Summary Reports.

The NJDOE continues to seek public input on ways to improve future reports. Please complete the [feedback survey at www.surveymonkey.com/r/VKNTTRC](http://www.surveymonkey.com/r/VKNTTRC) or email reportcard@doe.nj.gov with feedback and suggestions.

Thank you,

Paul M. DiRupo
Superintendent
