

# Lenape Valley Regional High School

## Choice District Profile 2024-2025

**Lenape Valley Regional High School**  
**28 Sparta Road**  
**Stanhope, NJ 07874**  
**Sussex County**

**District grades: 9-12**

**Approved Choice grades: 9-12**

**Total number of students enrolled in district:**  
**698**

**Choice Parent Information Center Phone number:**  
973-347-7600, ext. 5101

**Name of Program Contact:**  
Dr. Michael A. Rossi, Jr., Superintendent

**Phone Number & E-mail of Program Contact:**  
973-347-7600, ext. 5101  
mrossi@lvhs.org

**Website:** [www.lvhs.org](http://www.lvhs.org)

**Choice Program:** Lenape Valley Regional High School is a comprehensive academic high school preparing students for college and post-secondary school options. The school has been recognized by U.S. News and World Report, is technologically advanced through its STEM and modernized science labs, classrooms college style student center, and new TV studio. In addition, all classrooms have Smart technology and each student is provided a personal Chromebook to enhance the learning process.

The school offers a number of technology-based courses, for example, Robotics and Web Page Design, among many others, and offers college-level courses, allowing students to earn enough credits to enter college as a junior.

Complementing our academic experiences, pupils can choose from dozens of clubs and activities. These range from National Honor Society, LGBTQ, Interact, and many more. The student voice is a fundamental aspect of Lenape's core values and core beliefs, and our primary objective is to create multiple pathways for students to create their own destinies. We also have a nationally ranked marching band and produce 'Broadway level' theatrical performances.

We believe that education should be physical as well as mental. Accordingly, the high school experience includes multiple sports, male and female, at the varsity and sub-varsity levels. The vast majority of our high school population participates in endeavors beyond the school day and on weekends.

### **Choice Seats Available for 2024-2025 School Year**

The purpose of this profile is to inform parents of choice seat availability **before** the application deadline of December 1, 2023. After the deadline, the information will be outdated.

The Department of Education limits the number of choice seats that each district can fill. The "maximum number of new choice students that can be enrolled" tells parents how many *new* choice students the district can enroll in the upcoming school year. If more than the maximum number of applications is received, a lottery

will be held and a waitlist will be developed. **Waitlists will be developed for all approved choice grades even if no seats are currently available.**

**Maximum Number of New Choice Students That can be Enrolled: 16**

**School Name: Lenape Valley Regional High School**

Grade	Seat availability per grade
9	16
10	0
11	0
12	0

District Choice Policies	Indicate Yes/No/NA
a. The district accepts Tier 2 students (see definition below).	Yes
b. The district gives enrollment preference to applicants who have a sibling currently attending the choice district, or a former sibling who had attended Lenape Valley, provided they will enroll in a choice-approved grade/program and they meet any program-specific criteria and the district has seats available in the desired grades. For siblings applying to the choice program in the same year, where one student is admitted, his/her sibling will also be admitted and an application for special dispensation to the state will be made by the choice district.	Yes
c. The district gives enrollment preference to choice applicants who have completed the terminal grade of the sending district (i.e., students who attend a choice district with grades that terminate before 12th grade and with a natural progression to this choice district), provided they will enroll in a choice-approved grade/program and they meet any program-specific criteria.	Yes
d. The district gives enrollment preference to resident students who move <i>before the application deadline</i> . If resident students move and file choice applications for the following year prior to the deadline, the district will give them enrollment preference (i.e., accept them ahead of other applicants, but after the enrollment preference students described in b. and c. above), provided there are choice seats available in the choice-approved grades/programs and the students meet any program-specific criteria. <i>If the district has already reached its approved choice enrollment maximum, this preference will not apply.</i>	Yes
e. The district gives special consideration to resident students who move <i>after</i> the application deadline. Students in this situation may apply as late applicants and be added to the front of the district's waitlist, provided the students will enroll in a choice-approved grade/program and they meet any program-specific criteria. No additional choice seats above the maximum will be approved by the NJDOE to accommodate these students.	Yes

### Transportation Note to Parents

**Transportation of choice students is not guaranteed.** If a student is eligible for transportation (within 20 miles of the school) and the cost will exceed the maximum amount designated in the Annual Appropriations Act, the parent/guardian will be given aid in lieu of transportation and, in some cases, the option of receiving the transportation and paying the additional amount over the maximum. By Aug. 1, parents should receive notification of their transportation options from the resident district. For more information, read the *Choice School Transportation Procedures* found on the [Student Transportation webpage](#).

### Tiers Explained

**Tier 1 students** are students who are enrolled in a NJ public school in their resident school district during the time of application and for the entire year (2023-2024) immediately preceding enrollment in a choice district. If a student moved during the school year and attended the resident public school of his/her old district of residence, he/she is also considered Tier 1. Choice districts must first fill their available seats with Tier 1 students. If the number of Tier 1 applications exceeds the number of choice seats available, the choice district must hold a lottery to randomly select students. Charter school students are considered to be Tier 1. To qualify as Tier 1 for kindergarten, a student must be attending a state-funded preschool in his or her resident district or a student resides in a district that does not offer a state-funded preschool program or a student has a sibling currently attending the choice district. **Most students applying for kindergarten are in Tier 1.**

**Tier 2 students** include NJ residents who have **not** attended their resident public school for the entire year immediately prior to enrollment in the desired choice district and do **not** otherwise meet the requirements for Tier 1. This would include students who have been attending public school outside their districts of residence or private school. **Choice districts are not obligated to accept Tier 2 students.** If a choice district accepts Tier 2 applicants, they may do so only after all of the qualified Tier 1 applicants have been accepted. If the number of Tier 2 applications exceeds the number of choice seats available, the choice district must hold a Tier 2 lottery to select students.
