

LVR Service Art Club

Advisor- Mrs. Sherry Carnegie

The *LVR Service Art Club* provides students with creative opportunities to benefit others in some way through the production of various service art projects and participation in art service related activities throughout the school year. Members of this club will utilize their art skills in ways that guide them to making a difference in the lives of others at Lenape Valley, as well as beyond the walls of the high school. The types of projects/activities that students will be engaged in include: T-shirt designing, signage, painting, crafts, art project instruction for special events on and off campus, fundraising for charities/worthy causes, helping out with local art exhibitions, etc. All students are encouraged to join this exciting and meaningful art club.
